

EMERGENCY PROCEDURES

Cornerstone Psychological Services, P.A. provides emergency services, 24 hours a day, 7 days a week, to clients actively in therapy. All clinicians in the group take turns providing emergency call services so you cannot be sure that you will be able to talk to your primary therapist. You can be sure that you will talk to a qualified, experienced, caring mental health professional.

To reach the on-call therapist in an emergency situation, call our regular telephone number, **(336) 540-9400**. If the front office is closed, you will get our recorded message. That message will direct you to call our pager number, **(336) 334-0788**. This number will page the on-call therapist.

This system works with accuracy and promptness, though under some circumstances calls may not be answered in a timely manner. If your call has not been returned within 30 minutes we recommend you seek treatment at a local Emergency Department for after-hours mental health crises.

Some helpful emergency resources in the community to which you have 24/7 access include:

Sandhills Center 201 N Eugene Street, Greensboro, NC	1800-256-2452
Moses Cone Behavioral Health Systems 700 Walter Reed Drive, Greensboro, N.C.	1800-711-2635 or (336) 832-9700
ADULTS CAN GO TO: Wesley Long Hospital 501 N. Elam Avenue, Greensboro, N.C. (Go to the Emergency Room Entrance)	(336) 832-1000
CHILDREN AND ADOLESCENTS GO TO: Moses H. Cone Memorial Hospital 1200 North Elm Street, Greensboro, N.C. (Go to the Emergency Room Entrance)	(336) 832-9000
National /suicide Prevention Lifeline	1800-273-8255

Your local Mental Health Center, if you live outside of Guilford County

Your psychiatrist, if you have one, may have an emergency services pager.

******* In the event of an immediate life-threatening emergency, call 911, and the police or an emergency response team will be called if the emergency room cannot be reached in time.**

If you receive emergency services from providers outside of this group, always contact your primary therapist as soon as possible after the emergency.
